

# MZ 1544DBR

## Trait:

**VT Double PRO®**  
RIB COMPLETE

VT Double  
PRO® RIB  
Complete®  
Corn

**CHU:** 2250      **RM:** 75

## Product Features:

- Excellent disease package promotes yield
- Strong agronomics for harvest ease
- Versatile placement north and south of zone
- Rapid grain drydown

## Agronomy Notes:

MZ 1544DBR elevates yield potential in early maturities. Seedlings are aggressive with long narrow dark green leaves. Plants are medium height with low ear placement. Ears are long and slender with 16 kernel rows. Ears have longer husk cover which opens well at harvest to aid drydown. Plants have excellent late season plant health and plant intactness. Position north and south of maturity zone.

## Disease Ratings

Disease ratings are based on the severity of infection (9 = Excellent 1= Poor)

Anthracnose:	7
NCLB:	8

## Product Characteristics

Early Vigour:	8
Final Population:	32-36
CHU 50% Silk:	1301
Plant Height:	Short-Medium
Plant Health:	9
Stalk Strength:	9
Drydown:	8

## Ear Characteristics

Kernel Rows:	14-16
Test Weight:	8

Performance Data: 1 = Very Poor, 9 = Excellent

Monsanto Company is a member of Excellence Through Stewardship® (ETS). Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. Trecepta® RIB Complete® Corn has been approved for import into Australia/New Zealand, Colombia, China, Japan, South Korea, Mexico, Taiwan, United States and all individual biotech traits approved for import into the European Union. Please check biotradestatus.com for trait approvals in other geographies. Any other Monsanto commercial biotech products mentioned here have been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from these products can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for these products.
