Please fax completed order form to the Maizex Office.

Fax: 519-682-2144 or 877-682-2144

Orders received after March 15th will be subject to availability.

Questions and inquiries can be directed to your DSM.

Trial Notes

Maizex reserves the right to limit the number of trials distributed to dealers based on quantities available.

Plots will consist of 6 to 10 seeds of each hybrid.

Trials will consist of commercial and experimental Maizex hybrids and a minimum of 2 competitor hybrids.

Conventional trials will contain hybrids with glyphosate tolerance and insect resistance. An information package will accompany all trials upon delivery and will include planting instructions, entry list, field information form and accessories.

Trials will be selected for harvest based on uniformity and plot population. **NOT ALL TRIALS WILL BE HARVESTED.**
